

PARTNERSHIPS

CLEAN TRANSITION 360°

10.-11.12.2025, HELSINKI

Join us at Finland's premier high-level forum for the clean transition, bringing together 150–200 professionals from across the country.

This event offers a unique opportunity to explore current challenges, future outlooks, and expand your professional network.

In connection to the seminar there will be an exhibition area where partner companies will have the opportunity to present their products and services to electrical grid experts and procurement decision-makers. The exhibition area is open throughout the seminar, so visibility is assured.
